

Sales Associate Sales Associate Construction Los Angeles, CA I am a U.S. Marine Corps veteran transitioning into the field of construction and carpentry. I live a drug free life style with no criminal background, and own a work ethic and dedication to duty not commonly found in others. Although I am new to the field, I am passionate and eager to learn. I am confident that my experiences in and out of the military will prove to be a valuable addition and force multiplier in your team. Authorized to work in the US for any employer Work Experience Sales Associate The Home Depot - Gardena, CA January 2019 to May 2019 As a flooring/decor sales associate, assist customers with expert knowledge on floor and wall install and remodel. Field Service Technician Cubic Transportation Systems - Norwalk, CA April 2018 to June 2018 Perform testing, repair and maintenance activities to equipment at field sites. Operate and maintain digital and analog electronic devices and troubleshoots assemblies to the board level. Interfaces with customer agency in a professional manner. Identify and analyze equipment malfunctions and utilizes various maintenance and repair manuals, test equipment, wiring diagrams, schematics, electronic devices and electrical equipment, to rework, repair and maintain equipment. Order Puller/Packer Beyond Staffing Solutions - Carson, CA January 2018 to March 2018 As an Order Puller/Packer my primary responsibility is the accurate inventory and accountability of frozen food products and weights asked for on order purchase documents. After being verified, orders are then lifted using pallet jacks or forklifts into transportation trailers. Data Systems Administrator United State Marine Corps - Cherry Point, NC March 2013 to January 2018 Data Systems Administration Successfully establish and maintain tactical networks overseas and within the U.S. in field and office environments. This includes preventative and reactive maintenance of information systems, audio and visual equipment, and printing/scanning assets. Physical wiring of computers, switches, and servers. Email account creations using Microsoft Exchange Server 2010 and user/group account creations using Active Directory. Developed a baseline Cyber Security Management program for unit, resulting in the increase of cyber security readiness and awareness, and the decrease of cyber incidents involving unauthorized external devices and illegal network activity. Warehouse Clerk Packing of equipment for transportation on and off pallets. Loading and unloading of equipment from trucks. Issue and

transport of equipment for routine calibrations and disposition on 3-ton trucks. Request and purchase of equipment through the Marine Corps Global Combat Support System (GCSS-MC). Conduct routine wall to wall inspections and reconciliations of warehouse equipment on Consolidated Memorandum Receipts (CMR). Field Established multiple Combat Operations Centers (COC) in field environments, which involves set-up and tear- down of large tents, liners, lighting and air conditioning systems, which resulted in proving unit capabilities in a deployed environment. Security Extensive experience working in security details throughout 5 year enlistment for classified spaces, special events, and entry control points into operational compounds. Trained in day and night patrol in urban and field environments, with routine room clearing. Qualified as Expert with M16 Rifle in 2013, 2014, 2017. Qualified as Expert with M27 Infantry Automatic Rifle in 2014. Emergency Medical Service Conducted 48 hours of ride along time with local Fire-Rescue teams, resulting in on-hand patient treatment and transportation. Conducted 8 hours of in-hospital care for emergency and minor patient treatment. Supervision Provided leadership to junior personnel ensuring 100% increase in promotions. Conducted routine counseling and guidance to personnel, resulting in success in their personal and professional lives.

Investigation Investigated and tracked down over \$10,000 worth of information systems. Routinely reconciled and audited information system inventories, totaling over \$60,000.
