

Developer II Developer II Developer II - Hennepin County Saint Paul, MN Prefer web developer role due to my interest in Angular 8. I have excellent communication and leadership skills and I am a team player. I take pride that although most of my experience is software development I have many other valuable traits as well. I also want to be valued fairly for my 25 years of experience. The skills I enjoy utilizing the most are Angular, .Net Core and Azure. I have significant work from home experience and would welcome remote opportunities due to the fact that I have a home base in La Crosse, Wisconsin as well as St Paul, Minnesota.

**Technical Highlights** Developer since 1994. Over a decade of working with SQL, TSQL and SQL Server, .NET, Web and Windows Forms development. Have very recent experience with Angular 7, .Net Core and MS Azure I have many years with ASP, ASP.NET, MVC, HTML, JavaScript, CSS, jQuery, Bootstrap, XAML, WPF. Have worked with both VB.NET and C#. SharePoint Administration and Development. Visual Studio 2013. ASP.NET MVC 5. Entity Framework 5.1. Experience creating Microsoft SSIS packages, SQL Reporting Services, Microsoft Access and Adobe LiveCycle. Content Management using Interwoven Team Site. I also have experience performing Administration tasks in IIS. My primary skillset is Microsoft. Net which I have been working with since 2003 using both VB.net and C#. My primary focus is first on Angular and secondarily .Net Core.
