

Fullstack Developer/Frontend Developer Fullstack Developer/Frontend Developer Austin, TX Work Experience Fullstack Developer/Frontend Developer novusweb - Austin, TX December 2018 to Present Developed tools for migrating customer data from one e-commerce platform to another using TypeScript ? Created a client and server that integrated with a Shopify store to allow shop owners to add in custom SCSS and Javascript into their store's themes, without having to edit their theme files directly ? Built a module for BigCommerce that queried an external API to fetch a list of available products Frontend Developer Service Bot - Austin, TX April 2018 to November 2018 Developed a component library using TypeScript and ReactJS to create reusable components for the app's frontend ? Wrote unit tests for the client using Jest and Enzyme ? Designed a canonical application state, using Redux, hold all of the data fetched by the client to reduce the number of calls made to the server's API and prevent duplicate data from being stored in the client Web Developer Freelance/Self employed - Austin, TX February 2017 to May 2018 Fullstack Developer ? Built a lead generation app using ReactJS, potential customer data is transmitted to securely to a CRM through their API. Once a potential customer has reached the final page and submitted payment data, Stripe is used on the client side to protect sensitive information and then sent to the server and CRM for processing ? Developed a simple way for the server to handle OAuth 2.0 tokens and how to refresh them using NodeJS. This ensures that there is no downtime on making requests to the CRM's API Wordpress Developer Idealabs Consulting - Austin, TX October 2012 to July 2017 Using designs provided by a designer built websites using Wordpress as a CMS ? Spoke directly with clients to help troubleshoot issues happening with their website or web servers Education Computer Science HackReactor - Austin, TX August 2016 to February 2017 High school or equivalent Skills API (2 years), AWS (Less than 1 year), CSS (10+ years), Git (2 years), Javascript (6 years), Typescript (1 year), ReactJS (2 years), HTML 5 (6 years), HTML (10+ years), Koa2 (Less than 1 year), ExpressJS (2 years), Jest (1 year), JQuery, Node, React Links <http://github.com/wschwanke> <http://linkedin.com/in/willschwanke>
