

Web Developer Instructor Web Developer Instructor Fresno, CA Over 10 years of experience in all facets of web design including e-commerce, from personally meeting with clients to discuss their goals in having a web presence, to research and analysis, design, development, testing, and implementation of code and applications, as well as a variety of graphic design and artwork. Has been both a team leader and a team member, and knows what it takes to get things done. Doesn't only create working inter/intranet sites, but creates better ones and continually strives to improve a site's usability, functionality, and navigation throughout its lifecycle.

Work Experience Web Developer Instructor Condensed Curriculum International June 2019 to Present At Amazon's fulfillment center I provided practical hands-on instruction in an engaging learning environment, incorporating innovative teaching methodologies in order to enhance the learning experience of our students and achieve learning outcomes.

- Train and evaluate a group of 40 adult students on topics such as HTML5, CSS3, Javascript/JQuery, third-party Javascript libraries, and also provide an introduction to the concept of Functional Programming.
- The students are trained to pass the 98-375 MTA HTML5 Application Development Fundamentals Exam for Microsoft Certification.

Senior Web Developer / Graphic Designer MAW Productions March 2006 to Present As the Senior Web Developer I have helped define, build, and advance our next-generation web properties in new and exciting ways. I have hands-on with a range of front-end and back-end technologies.

- Designed and programmed standards based websites for small to medium sized businesses utilizing XHTML, CSS, JavaScript, PHP, and MySQL, Bootstrap framework
- Implemented CMS and Ecommerce based dynamic sites with open source platforms such as Wordpress, Drupal, and Magento Ecommerce
- Regularly met with clients to review project goals and to create proposals for future developments, researching their fields for UI/UX design
- Photographed commercial products for Ecommerce as well as business personnel for both web and print mediums
- Administered Google Adwords campaigns on clients' behalf, set measurable goals, and tracked trends and metrics in Google Analytics
- UI/UX development to create a seamless customer experience for a high traffic e-commerce website through desktop, mobile and smart phone app interfaces
