Web Developer & Project Manager Web Developer & Project Manager Web Developer & Project Manager Playa del Rey, CA Greetings, I'm a Front End Web Developer with a creative eye for UI/UX design.   I enjoy coming up with solutions to the challenges that web development often presents to developers. I like to stay up to date with latest technologies and best practices.   I am quite fond of regular expressions and writing fast efficient code. When I am not coding I'm either on my bike, cooking up a storm in the kitchen, drooling over vintage film cameras on ebay, or posted in cafe working on a screenplay.   Currently looking to add my passion for creating exciting web applications to a dedicated team of programmers. Email me!: rory@rorydane.com Work Experience

Web Developer & Project Manager Samy's Camera - Los Angeles, CA April 2018 to December 2018 Designed and coded a web application for generating customer quotes on used photography equipment increasing stock of used equipment by 40% and profit margins by 20% ?
