SCRUM MASTER SCRUM MASTER SCRUM MASTER Houston, TX My name is tobias elad, I wish to express my interest in the agile / scrum master project management field and also IT field, I have a 4 years experience as a scrum master working for ecobank buea Cameroon and also a 1 year experience as a sql server database administrator working for bicec bank buea cameroon, I am currently working as a mental health specialist at UThealth harris county psychiatric center, where I fulfilled my desire to understand the human mind better and to later introduce this skill back into my career as a scrum master. I have had diverse working experiences in different fields. As a researcher in Reach Out Cameroon, I worked with human data from questionnaires to improve access to sanitation and water in underprivileged areas. I then moved to being a PC Technician in my self employed business, where I picked up expertise in computer software, hardware, and systems administration to assist clients. In all my occupations, I had to adapt to a new field, industry, and role. After moving to the United States, I learned the local culture and the local norms in a matter of months. I am a quick learner, and can adapt to the workplace and culture to your company.
