Programmer Analyst Programmer Analyst Programmer Analyst - Southern Linc Trussville, AL

Proactive Database professional with in-depth knowledge of database theory and its applications.

Focus on technological diversity and combining various technologies to achieve desired solution.

Highly motivated and self-starter and mentor to the students and coworkers. Work Experience

Programmer Analyst Southern Linc January 2019 to Present   Linux shell scripting (ksh)   Oracle

PL/SQL development and scripting Contractor Computer Systems Management Corp May 2018 to

January 2019 at Honda Motors Alabama Database Administrator Progress Rail May 2017 to March

2018   Seven Node Oracle RAC with ASM, physical standbys, and data guard   Oracle cloning and

test refreshes   Rebuilt corrupted ASM Volume due to inode table corruption on cluster file system

Wrote multiple rsync scripts for offsite copies of backups and archive logs   Optimized overlapping

backup and maintenance windows   Clustered SQL Server 2012 Database Administrator 0Hibbett

Sporting Goods January 2013 to May 2017 Oracle and SQL Server   Oracle database warehouses

supporting Merchandising and Planning   Administered and monitored over 20 SQL Server

Instances   Maintenance of PL/SQL ETL packages for data warehouse   Tuned an estimated two

week vendor supplied SQL Server ETL job to run overnight   Wrote custom and comprehensive

SQL Server monitoring suite in T-SQL   IBM Netezza Data Warehouse Database on Linux   Part of

team that evaluated, recommended and selected platform   Member of installation and

implementation team.   Developed monitoring, backup, and reporting jobs. IT Infrastructure

Administrator 2005 to 2017   Database standardization, upgrades, and consolidation

Implementation of custom database monitoring suite Part-time Instructor ITT Technical Institute

June 2011 to October 2016 Taught Database Administration, Database Design, Linux, and Security

Classes Database Administrator UAB Health Systems September 2011 to December 2012 Oracle

and SQL Server   Administrated large Oracle Cerner databases (300 to 500 GB)   ETL packages

for SQL Server Integration Services between SQL Server and Oracle. Database Administrator

Jefferson County, AL September 2005 to June 2011 SQL Server and Oracle   Approximately 20

oracle instances (largest 200 GB)   Approximately 50 SQL Server databases on 7 instances

ArcGIS on Oracle   Migration of ArcGIS from Oracle to SQL Server   Assisted in installation of SAP

on Oracle Education Certificate University of Tennessee at Chattanooga - Chattanooga, TN 1983 to 1987 Skills Database, Microsoft access, Sql server, Sql server 2012, Oracle, Pl/sql, Replication, Sql, Aix, Korn, Linux, Red hat, Shell scripting, Solaris, Unix, Ux, Etl, Html, Scripting, Xml Additional Information PROFESSIONAL SKILLS   Oracle Database 12.2 through 7.3 (Standalone and RAC) Oracle ASM, Backup and recovery with RMAN, Physical standby databases with data guard, Enterprise Manager, Grid Control, Cloud Control, performance tuning with AWR and TKPROF, PL/SQL Development, Patching with OPatch, Oracle Identify Management, Oracle APEX   SQL Server 2012 through 2017 (Standalone and clustered)   Maintenance plans and agent jobs, Backup and recovery, Performance tuning and review of explain plans, Dell Spotlight on SQL Server, Version and Service Pack upgrades, SSIS, SSRS, T-SQL Development, Central Management Server, Replication and mirroring   Linux (Red Hat, Suse, Oracle Linux, Fedora, Ubuntu)   UNIX (Solaris, HP-UX, and AIX)   Shell scripting (Korn, bash, csh) in UNIX and Linux   Netezza Data Warehouse   Data warehouse and business intelligence theory and modeling   Data warehouse ETL scripts with PL/SQL   Experienced in Microsoft Access, Microsoft Excel, Microsoft Word, Microsoft PowerPoint, XML and HTML
