Front End Developer Front End Developer Front End Developer Ocala, FL Authorized to work in the US for any employer Work Experience Front End Developer Ocoos 2012 to Present Web Design (2012 - Present) Front End Developer My duties include maintaining and updating our website as well as the websites of our customers. WWhile working at Ocoos I've been able to learn how to take the lead on projects and see them to completion. I've also had the opportunity to learn social media marketing best practices and communication skills, as well as honing HTML and CSS skills. I'm currently the lead developer at Ocoos and have trained all the other developers on staff. Education Associate of Science in Multimedia Technologies in Digital Design & Animation Rasmussen College of Ocala
