Database Administrator Database Administrator Database Administrator San Diego, CA Database administrator, data developer - if it's related to SQL, I'm your man.   I've crafted dozens of large-scale custom ETLs, optimized hundreds of queries, worked with just about every flavor of SQL under the sun, and have utilized a myriad of related technologies in both analyst and IT roles. Authorized to work in the US for any employer Work Experience Database Administrator VizExplorer - San Diego, CA September 2014 to December 2017 Wore many different hats as the company grew. Here, I built out and led a team of analysts, criss-crossed the country to help our customers implement our software, and ultimately settled into a role on the DBA team. Due to the nature of the role (and our software), I architected dozens of large-scale custom ETLs, optimized hundreds of queries, and worked with just about every flavor of SQL under the sun. IT Associate Broadview Mortgage Corporation - Orange, CA February 2013 to September 2014 Reduced ticket volume by 40% by creating automatic monthly reports and spearheading an initiative to redesign the IT helpdesk process. As it was a smaller company, I solved a wide array of technical issues and completed numerous complex projects. Education Bachelor of Science in Management Information Systems San Diego State University - San Diego, CA September 2007 to May 2012 Computer Science, International Economics Keele University - San Diego, CA September 2007 to May 2012 Skills SQL (5 years) Links https://www.linkedin.com/in/ryanwkirby/ Certifications/Licenses MS-SQL 70-641
