Python Django Developer Python Django Developer Python Django Developer Piscataway, NJ Work Experience Python Django Developer PsaneCreations - Allentown, PA December 2017 to May 2018 Technologies used: Python, Django, HTML, CSS, Bootstrap   Launched an online shopping website, https://www.psanecreations.com/, for a handcraft business that makes homemade items located in Allentown, PA.   Designed a dynamic and an interactive website that ensured positive user experience, resulting in 40% increase in sales revenue.   Implemented website functionality using class-based views and models to store data in SQLite database. Designed front end using HTML, CSS, Bootstrap. Python Django Developer Intern Binghamton University - New York, NY January 2017 to November 2017 Technologies Used: Python, Django, HTML, CSS, SQLite database, JavaScript, Bootstrap Social Community Site: The main idea behind this is to allow users to create different groups according to their area of interest and create awareness about upcoming technologies. With the help of this site users can create new groups or join/leave exist groups as per their interest. Also users are allowed to comment their ideas on various topics.   Also implemented a feature to track user's activity i.e. all the comments of user and present groups of that user.   Developed website using Python and Django Web framework with the help of HTML template tagging, CSS, JS and Bootstrap in front end. Class based views are used to implement all the functionalities and models are used to store data on server-side using SQLite database. Education M.S. in Computer Science State University of New York Binghamton - New York, NY May 2018 B.E. in Information Technology K.J.Somaiya College of Engineering May 2016 Skills   DJANGO   (1   year),   PYTHON   (1   year),   SQL,   spark,   Hadoop   Links http://www.linkedin.com/in/abhishekvelankar   Additional   Information   TECHNICAL   SKILLS: Programming & DB: Python, C, Oracle's PL/SQL, Scala, Hive, HBase, MySQL, Java, DynamoDB, Redshift Web Technologies/Framework: Django, HTML, CSS, JavaScript, Bootstrap.
