Software Developer in Conduent Software Developer in Conduent Software Developer in Conduent - XEROX ? 2 years of experience as a Software Developer in Conduent (Formerly XEROX) (Oct 2017 to till date). ? Self-motivated team player with good communication, analytical, problem solving and interpersonal skills to communicate effectively at all levels of the development process. ? Ability to learn new concepts and capable of working in group as well as independently. Work Experience Software Developer in Conduent XEROX August 2017 to Present Oct 2017 to till date). ? Self-motivated team player with good communication, analytical, problem solving and interpersonal skills to communicate effectively at all levels of the development process. ? Ability to learn new concepts and capable of working in group as well as independently. ? Artificial Neural Networks to solve a Churn problem ? Convolutional Neural Networks for Image Recognition ? Data Preprocessing, Natural Language Processing: Bag-of-words model and algorithms for NLP. ? Model Selection & Boosting: k-fold Cross Validation, Parameter Tuning. ? Hands on Experience on Recurrent Neural Networks -LSTMs (Long Short Term Memory RNNs). ? Machine Learning Algorithms like Logistic Regression, Linear Regression. ? Self-Organizing Maps to investigate Fraud Education PG-DAC CDAC - Bangalore, KARNATAKA, IN 2017 B. Tech in K.N.G.D MODI Engineering College 2016 C.B.S.E St. Xavier's 2012 Additional Information SKILLS ? Tools: Tensor Flow, Theano, Keras, Scikit-Learn ? Languages: Python, Java and shell script. ? Operating Systems: Windows, Linux. ? DBMS/ RDBMS: MySQL, Oracle, Mongo DB.
