Critical Thinking

Proficient May 2019 Using logic to solve problems. Full results: https://share.indeedassessments.com/share_assignment/vwkmpxwuxkj9rcrw Indeed Assessments provides skills tests that are not indicative of a license or certification, or continued development in any professional field. Additional Information I'm a motivated individual that takes pride in my work. I find that the most rewarding part of working in the Information Technology field is that it is fast paced, ever changing and gives me the opportunity to help others. If given the opportunity, I feel like I'm an excellent team player to strengthen not only your company's IT work force, but the departments that work closely with them.
