Creative Coding Instructor Creative Coding Instructor Creative Technologist, Technical Artist, UX Designer Brooklyn, NY I am really passionate about interactive media. As an Engineer and a Designer, I create seamless and relevant digital interactions to hone the integrity of a design, both from a programmatic and imaginative perspective. My work crosses a broad range of categories in the digital space including UX design, AR/VR and machine learning.   I specialise in bridging the gap between design and development to facilitate quick prototyping, testing and implementing changes. Authorized to work in the US for any employer Work Experience Creative Coding Instructor Parsons School of Design - New York, NY July 2018 to Present Taught object oriented programming for creative applications to grad school students.
