Network Administrator Network Administrator Crawfordville, FL Authorized to work in the US for any employer Work Experience Network Administrator The Wakulla News - Crawfordville, FL July 2002 to April 2007 Responsibilities Setup and maintained the network for a small newspaper as well as did graphic design for call in advertisements   Accomplishments When I arrived at The Wakulla News they where working on sneaker net as well only having one computer that had access to the internet , through dial-up, AOL. I ran the old Macs through a switch and used apple talk. Then we had a Network printer as well as a shared printer that was available to all after me. Next came access to the internet which at the time could only be accomplished through the use of a DSL modem that I had to set a static IP address for the rest of the network to hear it.   Skills Used I demonstrated great people skills as well as tech support, maintaining and updating software, drivers and dealing with simple every day problems. Education AA-General, AS-IT, working on BS in ITM in IT Keiser university - Tallahassee, FL 2013 to 2015 AS in IT Keiser University - Tallahassee, FL 2013 to 2014 AA in General Transfer Tallahassee Community College - Tallahassee, FL 2000 to 2002 BS in ITM Keiser University - Tallahassee, FL 2015
