Full-Stack Web Developer Full-Stack Web Developer Senior Web Developer Chicago, IL Hello, I am a Senior Full-Stack Web Developer with over 10 years of experience in building web sites. I have a good working experience with famous companies like Designory, SoMe and SomeOddPilot.

My professional experience includes introducing new and fresh ideas to the UI/UX of the project, and then bringing it to life using HTML5, CSS3 and create a complex backend architecture. I think my skills and experience makes me a great fit for your company   I would like to invite you to take a look at my resume and my personal website at www.syedakhtar.work where you can learn a bit more about me, my past employment and some of the projects that I ve taken on as well.   Thank you for taking time to look at my profile.   I look forward to hearing back from you soon.   Syed Akhtar   dev.syed.akhter@gmail.com Work Experience Full-Stack Web Developer Designory - Chicago, IL 2016 to Present Designory is a well-established Web agency that specializes in both website and application development. At Designory I got a unique opportunity to work with some huge brand names such as Audi and Nissan. At Designory my everyday task included: Designed, Developed, Maintained and Enhanced systems based on the Business requirements using the Approved technologies and coding standards.   Created and designed conceptual diagrams, visual mockups and managed detailed user interface speci?cations using Adobe Photoshop, Adobe Illustrator and Adobe XD.   Created fully functional and responsive website from scratch using HTML/CSS and JavaScript, while using frameworks and JS libraries such to ensure a fast turnaround time, React/Redux, Angular, Vue, JQuery, JQuery UI and JQuery Mobile.   Used Laravel/Node for backend data manipulation and API development.   Used CSS frameworks like Bootstrap and AntDesign library.   Utilized the use of CSS pre-processors such as LESS and SASS for more efficient and better CSS development.   Well versed in different CMS, I have previously worked with Wordpress, Joomla along with E-commerce platforms such as Shopify, Big-Commerce and Woo-Commerce.   Deployed websites online using AWS, GoDaddy, Bluehost and Hostgator Front-End Web Developer SoMe - Chicago, IL 2012 to 2016 SoMe is a Digital Marketing Agency they build Advanced level Websites & and Web Applications.
