Freelance Web Development Freelance Web Development UI-UX Engineer Logan, UT Authorized to work in the US for any employer Work Experience Freelance Web Development April 2019 to Present With my newfound skills, I've been able to start building more complex websites on my own which has allowed me more flexibility and learning opportunities. Front- End Web Developer Lightning Kite - Logan, UT October 2018 to April 2019 This job taught me more about web than I've learned in all my other professional experience combined. I was able to follow a complete web app, front and back end, from start to finish. Maintenance and enhancements of existing projects helped to give me a varied learning experience. Mercenary Space Dynamics Laboratory - Logan, UT April 2018 to October 2018 I worked as a catch-all bug squisher for a giant C++ project with an AngularJS web client. I mostly scoop up web-related tickets which has given me the great opportunity to get my hands on new web technologies I had not seen before. CS I Lab Instructor and TA Utah State University - Logan, UT August 2017 to December 2017 I taught two labs of CS I students. We would go over what they learned in class and clear up any muddy spots. I also took a turn as a tutor once a week for more one-on-one student attention. Computer Science Tutor Utah State University - Logan, UT August 2016 to November 2017 UI/UX Engineer MasterControl - Salt Lake City, UT August 2014 to April 2016 Worked with a few other developers and the marketing team to rebuild the customer website. Intern MasterControl - Salt Lake City, UT May 2014 to August 2014 Worked with QA to build functional tests using a Ruby framework to manual click through common use cases. Computer Science Tutor Utah State University - Logan, UT January 2013 to October 2013 Intern MasterControl - Salt Lake City, UT May 2013 to August 2013 Built an internal tool for visualizing reported code coverage (and then tracked down the biggest offenders). Undergraduate Research Assistant Utah State University - Logan, UT January 2012 to May 2012 Assisted a professor with a program he was building for the biology department to visualize metabolic networks. Education Bachelor's in Computer Science Utah State University - Logan, UT 2010 to 2016 Skills PHP, HTML5, Front End, Angularjs, Jquery, Bootstrap, HTML, C#, Android, C++, Django, Git, Java, Javascript, Linux, Sass, MySQL, PostgresSQL, Python, React, Regular Expressions Links http://linkedin.com/in/mistyleejenkins http://github.com/mjenkins125
