Education Front- end Web Development Udacity - 2018 January 2018 to November 2018 Master's in MA Education (Candidate) Ateneo de Manila University - 2001-2003 June 2001 to March 2003 Skills CSS3/CSS Grid/Flexbox, JavaScript, Front End, HTML5, jQuery, React, UI, Bootstrap, Adobe PhotoShop, Adobe Illustrator, Bash/Shell Scripting, Git, WordPress, Drupal, Angular, Jasmine, Front-End, CSS3, Node, User Interface Certifications/Licenses Front- end Web Development Nanodegree November 2018 to Present   As a Grow with Google Challenge Scholar, I worked and qualified for my second scholarship from Google leading to a Front- end Nanodegree from Udacity.   We worked on various aspects of web development paying attention to responsiveness and accessibility with a focus on

test-driven development. In addition, the program required us to interact and work together by helping each other search for solutions and looking for bugs in each other s code. This developed our research skills and openness to accept feedback especially with regards to making the code more effective and efficient but still human-readable. Assessments Critical Thinking   Highly Proficient   June   2019   Using   logic   to   solve   problems.   Full   results: https://share.indeedassessments.com/share_assignment/5bn-xvxl7ramv9tc   Indeed   Assessments provides skills tests that are not indicative of a license or certification, or continued development in any professional field.
