Game design - director Pembroke Pines, FL Alejandro L. Trujillo S.   Phone: (863) 612-6042 |

Email: macotrujillo@gmail.com   Full Stack Developer
System engineer expert with more than 8

years of experience in managing, designing, implementing, controlling, operating and coordinating

areas of strong capability in IT and Web Devolooment.   I am a professional with great leadership,

interpersonal relationship skills, and a team work player.   I consider myself to be a proactive person

and dynamic, able to interact with professionals from other disciplines. The acquired experience

has allowed me to develop skills and strategies for planning, directing and controlling work teams

involved in promoting technological contents, strengthening the sense of belonging and guidance for

the objectives of an organization.   Throughout the last five years of experience, with a lot of

personal commitment, I have achieved promotion year by year. Among my personal qualities, I am

easy to adapt, loyal, hard worker with high performance and excellent personal presentation.
