Semeion Limited Abuja Nigeria/ IT & Project Manager Semeion Limited Abuja Nigeria/ IT & Project Manager Semeion Limited Abuja Nigeria/ IT & Project Manager US I am a medical doctor by training and currently work as IT professional with over 12 years of experience. I have worked at different times in different capacities as Project Manager, Project Office Manager. I have profound knowledge in the areas of web development and portal systems designs including intranets, extranets and development of sector specific management systems. I have experience that cuts across the public and private sectors including: arts, culture and heritage; medical; government and governance; and the financial sectors. I am motivated by the need to resolve IT challenges and issues and can work under pressure. I am a team player with great interpersonal relationship and have proven leadership skills. More recently I have shifted my focus to designing and developing enterprise business applications using python, and PHP in object oriented MVC projects.
