Freelance Developer Freelance Developer Web Developer Melbourne, FL Authorized to work in the US for any employer Work Experience Freelance Developer FirePower - Melbourne, FL February 2016 to Present I have been freelance developing for quite a few years now. My skills need to be challenged and developed. I enjoy developing customer websites and working with CLI of all types. I excel in quickly learning how to solve complex problems by troubleshooting properly and identifying the issue. My clients are always satisfied with the level of competency I bring to the table for the services I offer. Web Administrator FlexPetz - Melbourne, FL January 2015 to February 2016 Worked as the system administrator leading Magento development and improving on customer experience. I also was required to perform Live chat and phone support. Education High school or equivalent Melbourne High School - Melbourne, FL Skills HTML (8 years), SQL (2 years), PHP (2 years), Linux (5 years), G Suite (2 years), CSS3 (3 years) Links https://github.com/theseige https://firepower.host Additional Information Always willing to take on new challenges to help take my career to the next level. Looking for a company to grow and excel with that has a great opportunity for growth.
