ANDROID/ JAVA EE DEVELOPER WINNING SOLUTIONS - ISLAMABAD, PK February 2014 to July 2017 Developed an Android-based application with a web-tier developed in the Java EE environment. It provides remote data entry and forms designing facilities that can be handled on the

server end and synchronized on the client end. The data is reviewable on the web application. The website is currently available on http://www.wsactivision.com.pk. Following the successful venture driven by WSActivision, Winning Solutions lead me into another project, WSTracker. It was an employee tracking service that targeted organizations that wished to track the movements of their marketing teams as they sifted through various areas to promote the products of the organizations. The two methods it used to transmit track details were either through a GPRS based internet connectivity or a simple SMS message, which was parsed on the server end. Education Bachelor's in Information Technology NATIONAL UNIVERSITY OF LANGUAGES - ISLAMABAD, PK 2014 Certificate in Web Development NATIONAL INSTITUTE OF ELECTRONICS - ISLAMABAD, PK 2010 High school or equivalent in Commerce PUNJAB COLLEGE OF COMMERCE - ISLAMABAD, PK 2009 Skills Qtp, Selenium, Database, Ms access, Ms sql server, Sql server, Oracle, Sql, Change management, Rup, Ui, Soap, Ms project, Rational, Sdlc, Visio, Mainframe, Ms office, Testing tools, Loadrunner, Python, QA, Quality Assurance, Manual Assessments Problem Solving — Completed August 2019 Measures a candidate's ability to analyze relevant information when solving problems.
