Jr. IT SECURITY ANALYST Jr. IT SECURITY ANALYST Jr. IT SECURITY ANALYST Tacoma, WA Work Experience Jr. IT SECURITY ANALYST DEP. OF HEALTH AND HUMAN SERVICES March 2014 to 2018   Work with business process owners to ensure timely identification and remediation of jointly owned risk related issues and action plans.   Implement the Risk Management Framework (RMF) in accordance with NIST SP 800-37.   Conduct the ST&E Kick-off Meeting and populate the Requirements Traceability Matrix (RTM) according to NIST SP 800-53A.   Initiate compliance and vulnerability scan requests to identify and report weaknesses and potential security breaches in accordance with SP 800-34   Develop, maintain and communicate a consolidated risk management activities and deliverables calendar.   Perform Security Categorization (FIPS 199), Privacy Threshold Analysis (PTA), E-Authentication with business owners and selected stakeholders. Meetings with the IT team to gather documentation and evidence about their control environment conduct. INFORMATION ASSURANCE ANALYST DEP. OF AGRICULTURE January 2013 to February 2014   Develop and conduct ST&E (Security Test and Evaluation) according to NIST SP 800-53 A.   Develop and maintain artifacts for A&A (Formally C&A) Process included but not limited to (SSP, SAR, RTM, CM, CP, CPT, SAP, and POA&Ms)   Perform security categorization of systems using FIPS 199 & NIST SP 800-60   Draft, finalize, and submit Privacy Threshold Assessments (PTA) s, Privacy Impact Analyses (PIAs), E-Authentication Assessments, System of Record Notices (SORNs).   Utilizes the Cyber Security Assessment and Management (CSAM) to record, manage and assess common threats and vulnerabilities. Tracks and manages POA&M in CSAM.   Ensured security policies, procedures and recommendations comply with NIST, FISMA, Organization Guidelines and technical best practices.   Performed vulnerability scanning on WEB applications and database to identify security threats and vulnerabilities.   Performed data gathering techniques (interview and document reviews) in preparation for assembling C&A/A&A packages. Updated Plan of Action and Milestones (POA&M) and Risk Assessment based on findings assessed through monthly updates. Education Bachelors of Science University of Buea Skills SECURITY, NIST, FISMA, RISK ASSESSMENT, RISK MANAGEMENT, AUDIT, METRICS, EXCEL, WORD, access, Microsoft Office, testing Additional Information Technical Skills: NIST SP 800 series,

FISMA Audit & Metrics, Security Control Testing, Risk Assessment & Risk Management, MS Suite (Word, Excel, Power point), FIPS Standards, Contingency Plans, , Network Infrastructures, Privacy Impact Assessments, Standard Operating Procedures.
