Software Developer Software Developer Chicago, IL Over 6 years of experience in design, development, deployment, integration and implementation of software applications using Microsoft .NET technologies and Front End technologies such as Javascript and Angular. Looking to bring these skills and more to a new developer role. Work Experience Software Developer October 2017 to Present Software developer currently looking to return to the full-time workforce in a Software Developer role.I left Frontline to take care of an ailing family member who needed in-home care. During this time, I took courses in React, Angular, Advanced JavaScript, .NET Core, AWS, Azure, RabbitMQ, Domain Driven Design, and Design Patterns in C#. Developer Frontline Technologies - Chicago, IL August 2011 to October 2017 Designed and developed SaaS Application using C# 6.0, .NET Framework 4.5, ASP.NET MVC 5, and AngularJS 1.5. ? Used Entity Framework 6.0, LINQ, designed stored procedures and views for the back end. ? In-depth knowledge of front-end Single Page Application (SPA) development using AngularJS JavaScript framework. ? Developed and consumed RESTful Web Services using Microsoft WEB API. ? Used Postman to test Web API functionality. ? Used ASP.NET MVC framework to support the use of Dependency Injection to inject objects into a class, instead of relying on the class to create the object itself. ? Developed controllers and action methods for user interaction logic using C#.NET. ? Wrote LINQ expressions for access to filtered data from the database. ? Modify and create proprietary code using a variety of tools (including jQuery and C#) within the ASP.NET MVC programming platform to satisfy client customization requests Script unique client data queries, prepare specialized reports, and optimize existing data collection with SQL Server. ? Played key role in feature implementation and enhancement, code refactoring and defect fixing ? Worked in Agile Scrum methodology and delivered accepted functionality in each sprint. ? Heavily involved in code review, build and deployment with GIT. ? Mentored Junior members of the team. Education BACHELOR OF ARTS IN INFORMATION TECHNOLOGY in INFORMATION TECHNOLOGY ROOSEVELT UNIVERSITY - Chicago, IL BACHELOR OF ARTS IN ENGLISH in ENGLISH UW Skills Visual studio, Api, C#, Git, Html, Javascript, Json, Object oriented, Vb.net, Ado, Database, Ado.net, Sql server, Sql, Ajax, Asp, Css, Asp.net, Angularjs, Mvc Links https://www.linkedin.com/in/jason-christensen-096328179

https://github.com/jasonpaulchris Additional Information Technical Skills ? Microsoft Technologies:ASP.NET/MVC/Core, C#, VB.NET, ADO.NET, ASP, Web API ? Acquainted with Web Designing and Strong Knowledge of HTML, CSS, JavaScript, JQuery, Ajax, AngularJS (and subsequent versions) and JSON. ? Strong knowledge of Object Oriented Methodologies. ?
